AKSHAT BHARAT YADAV

+91 85284 33823 | akshatyadavlko@gmail.com | github.com/Akshat-Yadav09 | LinkedIn
Pune, Maharashtra, India

PROFILE

Second-year B.Tech Computer Engineering student at Army Institute of Technology, Pune, focused on game development. Builds and publishes Unity (C#) games, with three titles live on itch.io, and ships game-jam builds on a team as the programmer.

EDUCATION

B.Tech, Computer Engineering - Army Institute of Technology (AIT), Pune
Second Year (SY) | 2025 - Present | Expected Graduation: 2029 | CGPA: 9.2 (First Year)
Relevant coursework: Computer Graphics, Data Structures & Algorithms, Digital Circuits, Discrete Structures

TECHNICAL SKILLS

- **Game & Graphics:** Unity (2D/3D), Godot, C# gameplay programming
- **Languages:** C#, C++, Java, Python, SQL, HTML/CSS
- **Tools:** Git, GitHub, itch.io publishing

PROJECTS

XP Fender - fourth-wall-breaking desktop survival game (Unity, C#, Windows) | akypk.itch.io/xp-fender

- Published on itch.io; gameplay runs over a simulated glitching Windows desktop, mixing paper-plane dodging with clickable desktop icons and password puzzles.
- Programmed dodge-based survival against screen-filling, bullet-hell-style boss attack patterns.

O.BO.RUST - top-down psychological mystery puzzle game (Unity, Windows) | akypk.itch.io/oborust

- Published a playable prototype on itch.io: explore a dark multi-room house, restore failing systems, and piece together the story from notes, photographs and locked archives.

CUBESCAPE - browser infinite runner (Unity, HTML5) | akypk.itch.io/cubescape

- Published as a play-in-browser build on itch.io; reflex runner with scaling speed and a 3-attempt averaged-score system feeding a global leaderboard.
- Built as a game-development showcase for first-year students at AIT.

Game jam builds - Unity, C#

- Rapid-prototyped playable Unity games under jam deadlines, including Global Game Jam 2026 and STEM Game Jam (IIT Guwahati) 2026; public repos on GitHub.

ACTIVITIES & ACHIEVEMENTS

- Member, **AIT AR/VR Club** - Oct 2025 to present.
- **Smart India Hackathon 2025** (Team XANDERS) - built and submitted rapid team prototypes under the hackathon deadline.
- **Game jam participation** - competed in Global Game Jam 2026, BYOG, IIITG and IIITN game jams.
